Grading System:

For non-question assignments that cannot be graded conventionally A and B are the only passing grades:

Points
10	On Time	
80	Poor	B-
85	Good	B+
90	Very Good	A
95	Excellent	A+

Study Questions and Quizzes:

Points
Each question will have a set value and will be subtracted from the Excellent Score of 105.
(Subtract 10 points for a late assignment.)

Year Grade Percentages:

Present:
100%	20 points
85% to 99%	15 points
75% to 84%	10 points
50% to 74%	5 points
Less than 50%	0 points

Study Questions:
Average Percentage will determine grade.
Example: If average percentage for year is 90% then the grade will be 13.5 points out of a possible 15 points.

Quizzes:
Average Percentage will determine grade.
Example: If average quiz grade is 100% then the year-end grade will be 35 points out of a possible 35 points.
Any percentage above 100 will add a bonus of 5 points making the grade 40 points.

Assignments:
Average grade will determine grade. A possible 35 points.

Bonus: Class Participation. A possible 5 points. Rated 1 to 5. Poor – Ok – Good – Very Good –Excellent.

Hypothetical Example of Grading System:

<u>Zachary Holcombe</u>

<u>Points</u>

<u>Earned</u>
Was present for 15 out of 20 classes.
     15
Averaged 95% on Study Questions.
     14.25
Averaged 90% on Quizzes.
     31.5
Averaged 85% on Assignments
     29.75
Year Class Participation grade was very good.
     4

_____
Total: 94.5

Potential Grade:
Perfect attendance
     20
100% average or better on Study Questions
          15
100% average or better on Quizzes
     35
100% or better on Assignments
     35
Excellent Class Participation
     5

_____
Total: 110
